Gene Tierney: A Biography Michelle Vogel

Called the most beautiful woman in movie history, Gene Tierney starred in such 1940s classics as *Laura*, *Leave Her to Heaven* and *The Ghost and Mrs. Muir*. Her on-screen presence and ability to transform into a variety of characters made her a film legend. Her personal life was a whirlwind of romance (she married a count, was engaged to a prince, and was courted by a future president) and tragedy (her first daughter was born with severe retardation and Tierney herself struggled with mental illness). After years of treatment, including electroshock therapy that erased portions of her life from her memory, she triumphantly returned in one of the biggest comebacks in Hollywood history. This first complete biography since the actress's death includes a foreword by her daughter, Christina Cassini, an extensive filmography, and many rare photographs.
