## **Hazard Identification and Risk Assessment - IChemE** Geoff Wells

You may have read about the principles of Hazop and Hazan, but how many books take you into them, and other hazard identification methods, step by step? This text gives you practical advice on how to do it. Geoff Wells has been teaching these techniques for many years as MSc level, and here he passes on his wealth of experience.

IChemE, the Institution of Chemical Engineers, is the center for chemical, biochemical and process engineering professionals worldwide.

We are the heart of the process community, promoting competence and a commitment to sustainable development, advancing the discipline for the benefit of society and supporting the professional development of members.

Some of the areas we publish in include:

- Safety in the process industries - the BP Process Safety series
- Consultancy for chemical engineers
- Project management in the process industries
- Contract management in the process industries - International Forms Of Contract series
- Communication skills for engineers
