Time to Think Andy Laker

When Detective Sergeant Jason Mayfield responds to a call for assistance at the home of Eddie Stevens, old wounds are opened and both men seize the opportunity to settle a score that has existed between them for many months. The time for polite dialogue is long past and Jason soon finds himself fighting for his life. His response, although commensurate with the situation is deemed excessive, with the result that he is arrested and sentenced to a lengthy term in Parkside prison. Locked in the same cage as the criminals he put away Jason has to think and act as one of them if he is to survive in their world.

His life becomes one of self preservation fuelled by a desperate hope that his former colleagues can prove his innocence before the pressures of an unjust incarceration break his spirit.

While he languishes helplessly in his prison cell a mutilated body is discovered on his old manor. When further bodies are discovered, each of which bears the unusual and barbaric hallmark of the same killer the urgent need to find this madman quickly intensifies for Jason's former boss Detective Inspector Bob Garnett. Garnett struggles for clues to the murderer's identity until a major breakthrough is gifted to him by a most unlikely source. But the information comes at a price.

As Jason tackles his own personal demons in the form of violent inmates and corrupt prison staff a connection unfolds between his situation and the ruthless murders.

Finding a killer is never easy. If it was they wouldn't achieve serial status. Imagine then, having to secure your own freedom from prison before you can begin your search for a callous murderer. That is the mountain Jason Mayfield has to climb if further murders are to be prevented.
