The False Promise of Green Energy

Andrew Morriss, William T. Bogart, Roger E. Meiners, Andrew Dorchak

The False Promise of Green Energy Andrew Morriss, William T. Bogart, Roger E. Meiners, Andrew Dorchak

What green energy promises to provide is just so alluring-more jobs, a cleaner environment, a more stable economy, clean and bountiful electricity, fewer toxins and pollutants and, of course, the gratitude of generations to come. There's just one problem. It isn't going to happen that way. This book critically and realistically evaluates the claims of green energy and green jobs proponents who argue that we can improve the economy and the environment, almost risk-free, by spending billions upon billions of taxpayer dollars in return for what are ultimately false promises.
