Is There a Solution to the Catholic Debate on Contraception? Jim Arraj

More than twenty years after Pope Paul VI's encyclical *Humanae Vitae*, contraception remains a deeply divisive problem in the Catholic Church. It absorbs energy that could be applied to other pressing issues, and it alienates Catholics from the life of their Church. Is there a solution to the question of contraception? Is a reconciliation possible between the two sides of the debate? This book proposes such a solution. This would be a presumptuous undertaking except for the fact that many of the elements for a solution already exist, and what is needed is a way to bring them all together.
