No Gun Ri: A Military History of the Korean War Incident Robert Bateman

Compelled by the known fallacies in the Pulitzer Prizewinning Associated Press story of the alleged slaughter of South Korean refugees at No Gun Ri, Major Bateman, an academic historian and professional soldier, presents an alternate explanation of the events through the perspective of the soldiers and their commanders, the 1948-50 South Korean civil war, and the broader state of U.S. military policy and force readiness. In a solid historical analysis of the incident he debunks the AP allusion to a widespread massacre of civilians by U.S. forces at No Gun Ri and shows how veterans who allegedly witnessed this event and influenced others were not even present. Told concisely with extensive documentation from previously overlooked sources.
