Female Teachers And Students-A Sexual History Wesley Idol

Female Teachers And Students-A Sexual History is a shocking look at arguably the most talked about phenomenon in education today, teacher student sex.

While a teacher student romance between male teachers and female students is fairly common, the sudden proliferation of teacher sex that involves women teachers and male students has left the world speechless.

This book takes an in-depth look at arguably the two most famous cases in history; Debra Lafave and Mary Kay Letourneau. These cases involved very young boys and propelled both women to media heights that can only be described as frenzied. Included are many details that have never been released by the mainstream media.

Also included are personal narratives from the author (a retired school teacher who has truly seen it all in his 25 years in public education), and a list of other famous cases of female teachers being arrested for sex with underage students.

Without a doubt, this book will have you shaking your head in amazement and leave you wondering, “what were they thinking?”
