Reflections: An Anthology of African-American Philosophy James Montmarquet, William Hardy

This anthology provides the instructor with a sufficient quantity, breadth, and diversity of materials to be the sole text for a course on African-American philosophy. It includes both classic and more contemporary readings by both professional philosophers and other people with philosophically intriguing viewpoints. The material provided is diverse, yet also contains certain themes which instructors can effectively employ to achieve the element of unity. One such theme, the debate of the "nationalist" focus on blackness vs. the many critics of this focus, runs through a great number of issues and readings.
