Getting Naked: The Dating Game Tamra Mercieca

Unzip those fashionably worn figure-hugging jeans, slip off your beautifully laced French knickers and join Tamra in Getting Naked as she bares all in this provocative memoir. This manicured manuscript tells the sweet yet seductive tale of a woman's search for love, and what to do when the elusive desire for that all-encompassing heartfelt connection turns into a string of piercing heartbreaks. You will not find a typical love story with a happy ending inside the covers of this tantalising text. The Dating Game reveals the honest truth about modern love; the dating landscape of games, relationship faux pas, and the unspoken rules of technologically enhanced communication we must embrace in order to line up our next romantic rendezvous. Tamra strips back the layers in order to navigate her way through the racks of vulnerability and ill-fitting threads that have collected dust and stopped her opening her heart to love. As she clears out the wardrobe, she soon discovers that the truly unique garment she was looking for has been with her all along.
