Digital Teaching Platforms is an essential read for those who believe that education needs to be reimagined to prepare students for tomorrow. Dede and Richards provide a compelling collection of some of the best minds in education and education technology to describe how educators, policymakers, and the public should be thinking about these disruptive technologies that hold the promise of individualizing learning.

--**Keith R. Krueger**, CEO, Consortium for School Networking (CoSN)

In their remarkable collection, Dede and Richards illuminate a powerful category of educational technologies in the emerging world of pervasive 1:1 computing. This book will change the discourse on 21st century education.

--**Roy Pea**, David Jacks Professor of Education and Learning Sciences, Stanford University

The Digital Teaching Platform (DTP) brings the power of interactive technology to teaching and learning in classrooms. In this authoritative book, top researchers in the field of learning science and educational technology examine the current state of design and research on DTPs, the principles for evaluating them, and their likely evolution as a dominant medium for educational improvement. The authors examine DTPs in light of contemporary classroom requirements, as well as current initiatives such as the Common Core State Standards, Race to the Top, and the 2010 National Educational Technology Plan.

Do you want to try this extraordinary spending spare time activity?

Daniel Scott:

As a college student exactly feel bored to help reading. If their teacher expected them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Digital Teaching Platforms: Customizing Classroom Learning for Each Student (Technology, Education-Connections (the Tec Series)) can make you sense more interested to read.

Pamela Bost:

What is your hobby? Have you heard that will question when you got pupils? We believe that that issue was given by teacher with their students. Many kinds of hobby, Every person has different hobby. So you know that little person like reading or as studying become their hobby. You have to know that reading is very

important along with book as to be the factor. Book is important thing to increase you knowledge, except your current teacher or lecturer.
