Edward Cullen. Bill Compton. Stefan Salvatore. These vampires make women weak-kneed. Inside the World of Vampires dissects the vampire world and what makes vampires so popular. Inside you'll discover what the vampire world entails, from why vampires are so alluring to how vampires live and love, and how vamps have evolved over time. You'll peer into vampires' intimate relationships, their homes, and their jobs. You'll discover how they struggle with religion and you'll investigate vampire powers and the secrets of vampire slayers. Featuring interviews with top vampire experts (like Thomas Garza) and multiple New York Times Best Selling vampire novelists (like Kerrelyn Sparks, Yasmine Galenorn and PC Cast to name a few), Inside the World of Vampires will even show you exactly what goes into creating a fictional vampire world of your own. The book features film, TV and book vampires, as well as some historical folktales. This book will appeal not only to fans of Twilight, True Blood, The Vampire Diaries and Buffy the Vampire Slayer, but also to those simply fascinated with vampires and those writers and world creators who want to create the ultimate vampire tales themselves.
