## **Resurrection: Salvaging the Battle Fleet at Pearl Harbor** Daniel Madsen

Aimed at the general reader with an interest in World War II and the U.S. Navy, this book looks at the massive salvage effort that followed the attack on Pearl Harbor, beginning with the damage control efforts aboard the sinking and damaged ships in the harbor on 7 December 1941 and ending in March 1944 when salvage efforts on the USS *Utah* were finally abandoned. Dan Madsen describes the Navy's dramatic race to clear the harbor and repair as many ships as possible so they could return to the fleet ready for war. Numerous photographs, many never before published in books for the general public, give readers a real appreciation for the momentous task involved, from the raising of the USS *Oglala* in 1942 and the USS *Oklahoma* in 1943 to the eventual dismantling of the above-water portions of the USS *Arizona*.
