**Coming of Age in Samoa: A Psychological Study of Primitive Youth for Western Civilisation** Margaret Mead

The credibility of this book has now been destroyed- see "Margaret Mead and Somoa" by Derek Freeman for proof- most serious academics now see this book as an emberassment, a bad joke perpetrated by an eager to please twenty three year old neophyte in the grip of ambition and groupthink. A heady mixture indeed Ms. Mead.... The noble savage you say? The malleability and innate goodness of human nature you say? History now points an unwavering finger and pronounces you a liar. What a shameful legacy.
