The .NET and COM Interoperability Handbook (Integrated .Net)

Alan Gordon

The .NET and COM Interoperability Handbook (Integrated .Net) Alan Gordon

The .NET and COM Interoperability Handbook will help you move your Windows-based software into the future without abandoning the COM/COM+ software investments you've already made. It offers the most detailed and practical coverage of .NET/COM interoperability ever published. Coverage includes calling COM/COM+ components from .NET; calling .NET components from Win32/COM; using COM+ Services in .NET applications; converting your COM+ applications into XML Web Services; and addressing advanced challenges such as COM apartment threading, Interop marshaling, ActiveX controls, and .NET remoting.

Juanita Jones:

Reading a book can be one of a lot of action that everyone in the world adores. Do you like reading book and so. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new data. When you read a e-book you will get new information because book is one of a number of ways to share the information or perhaps their idea. Second, reading through a book will make you more imaginative. When you looking at a book especially fictional works book the author will bring you to imagine the story how the character types do it anything. Third, you may share your knowledge to other individuals. When you read this The .NET and COM Interoperability Handbook (Integrated .Net), you are able to tells your family, friends and also soon about yours e-book. Your knowledge can inspire the mediocre, make them reading a reserve.

Maritza Kress:

As a pupil exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring as well as can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you personally. As

we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this The .NET and COM Interoperability Handbook (Integrated .Net) can make you feel more interested to read.
