Regret nothing.

Sirantha Jax has the J-gene, which permits her to “jump” faster-than-light ships through grimspace. She loves nothing more than that rush, but the star roads have to wait...

Her final mission takes her to La'heng, a planet subjugated during first contact. Since then, the La'hengrin homeworld has been occupied by foreign conquerors.

All that's about to change.

Now, as part of a grassroots resistance, Jax means to liberate the La'hengrin. But political intrigue and guerrilla warfare are new to her, and this will be the most dangerous game she's ever played—spies and conspiracies, a war of weapons and hearts, and not everyone is guaranteed to make it out alive...
