Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science) Toshinori Munakata

This book was originally titled “Fundamentals of the New Artificial Intelligence: Beyond Traditional Paradigms.” I have changed the subtitle to better represent the contents of the book. The basic philosophy of the original version has been kept in the new edition. That is, the book covers the most essential and widely employed material in each area, particularly the material important for real-world applications. Our goal is not to cover every latest progress in the fields, nor to discuss every detail of various techniques that have been developed. New sections/subsections added in this edition are: Simulated Annealing (Section 3.7), Boltzmann Machines (Section 3.8) and Extended Fuzzy if-then Rules Tables (Sub-section 5.5.3). Also, numerous changes and typographical corrections have been made throughout the manuscript. The Preface to the first edition follows. General scope of the book Artificial intelligence (AI) as a field has undergone rapid growth in diversification and practicality. For the past few decades, the repertoire of AI techniques has evolved and expanded. Scores of newer fields have been added to the traditional symbolic AI. Symbolic AI covers areas such as knowledge-based systems, logical reasoning, symbolic machine learning, search techniques, and natural language processing. The newer fields include neural networks, genetic algorithms or evolutionary computing, fuzzy systems, rough set theory, and chaotic systems.

From reader reviews:

Danny Chamberland:

The book Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science) can give more knowledge and information about everything you want. Why then must we leave the best thing like a book Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science)? Wide variety you have a different opinion about book. But one aim that will book can give many info for us. It is absolutely suitable. Right now, try to closer using your book. Knowledge or information that you take for that, you could give for each other; you could share all of these. Book Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science) has simple shape nevertheless, you know: it has great and large function for you. You can search the enormous world by wide open and read a e-book. So it is very wonderful.

Clifford Walsh:

Do you certainly one of people who can't read pleasurable if the sentence chained inside straightway, hold on guys this aren't like that. This Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science) book is readable by simply you who hate the straight word style. You will find the information here are arrange for enjoyable studying experience without leaving perhaps decrease the knowledge that want to provide to you. The writer connected with Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science) content conveys the idea easily to understand by lots of people. The printed and e-book are not different in the information but it just different such as it. So , do you nonetheless thinking Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science) is not loveable to be your top list reading book?

Anthony Vice:

Reading a book to get new life style in this calendar year; every people loves to go through a book. When you learn a book you can get a wide range of benefit. When you read textbooks, you can improve your knowledge, since book has a lot of information into it. The information that you will get depend on what kinds of book that you have read. In order to get information about your review, you can read education books, but if you want to entertain yourself you are able to a fiction books, these us novel, comics, as well as soon. The Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science) provide you with new experience in examining a book.

Jon Fuselier:

Is it you actually who having spare time after that spend it whole day by simply watching television programs or just resting on the bed? Do you need something new? This Fundamentals of the New Artificial Intelligence: Neural, Evolutionary, Fuzzy and More (Texts in Computer Science) can be the reply, oh how

comes? The new book you know. You are so out of date, spending your spare time by reading in this completely new era is common not a nerd activity. So what these ebooks have than the others?
