## **War Land on the Eastern Front: Culture, National Identity, and German Occupation in World War I (Studies in the Social and Cultural History of Modern Warfare)** Vejas Gabriel Liulevicius

Vejas Gabriel Liulevicius presents a study of a hidden legacy of World War I: the experience of German soldiers on the Eastern front and the long-term effects of this encounter. Using hitherto neglected sources from both occupiers and occupied, official documents, propaganda, memoirs, and novels, he reveals how German views of the East changed during total war, and how these views affected the return of German armies under the Nazis. This persuasive and compelling study fills a yawning gap in the literature of the Great War.
