McLean, Virginia, a whistle stop along the Great Falls & Old Dominion Railroad, came about in 1910. It was named after John R. McLean, publisher of the Washington Post newspaper and an owner of the railroad. This was a farming community that never incorporated. A few of the families instrumental in the formation of the village that followed were Mackall, Laughlin, Storm, Carper, and Smoot. Because of its proximity to the nations capital, McLean attracted people from all walks of life. But it was the arrival of the Kennedy families in the late 1950s that put McLean on the map. The thread that holds the community together is spirited volunteerism. This volume contains images of a few of the personalities who give McLean a sense of place. The majority of the photographs have been donated by individuals to ensure that history does not lose these significant personalities, past or present, who left an imprint on their community.
