Monster Club: Case of the Ivy Hollow Werewolf is the first book in a series of middle grade novels that follow twelve-year old Luke Staal and friends as they solve mysteries with a paranormal twist in the small town of Ivy Hollow. Luke Staal and his best friend, Oliver, know something strange is happening in Ivy Hollow. They heard the howling on the full moon. They saw the crime scene at Mike the Butcher's Shop where the only thing stolen was raw meat. Bloody footprints point to a man and his dog, but Luke and Oliver aren't so sure. Especially, after the discovery of murdered chickens on Lucian Gregory's farm. All signs point to a werewolf. No one in town could possibly believe that such a creature is on the loose. To make matters worse, the school's annual carnival is scheduled for the next full moon. With the help of Luke's twin sister, Lily, and her best friend, Savannah, the Monster Club must solve the mystery of the Ivy Hollow Werewolf before the next full moon and save their town from imminent disaster.
