The Killing of Tupac Shakur Cathy Scott

On September 6, 1996, rapper Tupac Shakur was gunned down in a drive-by shooting a few blocks from the fabled Las Vegas Strip. *The Killing of Tupac Shakur* digs deep into the events leading up to, and following, the headline-grabbing murder. This in-depth chronicle focuses on Tupac's double life as an entertainment superstar and a convict, spotlighting his meteoric rise to the top of the world of hip-hop in the context of the dangerous economics of renegade record labels. It examines all the possible motives for Tupac's murder—the gang connection, the rap wars, the high-level conspiracies—and exposes the failed police investigation of the crime, which remains unsolved. This book is now in its second edition, having been fully revised and expanded. It also contains the only photo of Tupac's autopsy in print.
