Analog Medicine - A Science of Healing: Adopting the Logic of Quantum Mechanics as a Medical Strategy Ronald Hamm

Analog Medicine is a book that demystifies the healing process. I wrote it for my friends and colleagues who are struggling to become better healers. Healing and health represent a complex puzzle with multiple interlocking pieces. To solve that puzzle and see the whole picture, we have to successfully fit all the pieces together. We must study the complicated details of the individual parts while always keeping in mind how they relate to that big picture. Educated individuals typically err in this effort by concentrating far too much time and attention on the details of each individual part. The board certified surgeon and master acupuncturist are experts focused exclusively on different integral, yet isolated, parts of the total reality. To become healers, these technical experts must broaden their view of reality to encompass the whole. A review of the latest developments in other scientific fields such as physics, neurophysiology, linguistics and logic will help in this regard. Healing is a comprehensive process that spans all the dimensions of reality. It is, on a higher level, a quantum energy phenomenon that can not be accurately explained, described, or effectively manipulated using the limited format of Newtonian physics. Science now accepts an expanded, more energetic, view of reality. This new paradigm is expressed in the tenets of Quantum Mechanics. That logical format is the key to becoming a better and more effective healer. Analog Medicine outlines exactly how this can be done. It suggests a simple, logical, and scientific approach to healing yourself and others. This book is also about how we can integrate conventional medicine, alternative medicine, and spirituality into one comprehensive 'Holistic' health care system. That system would be simpler, more effective, more humane, and much less expensive than the one in place today.

From reader reviews:

Stevie Mozingo:

What do you concentrate on book? It is just for students since they are still students or the idea for all people in the world, what the best subject for that? Only you can be answered for that concern above. Every person has several personality and hobby for each other. Don't to be compelled someone or something that they don't wish do that. You must know how great as well as important the book Analog Medicine - A Science of Healing: Adopting the Logic of Quantum Mechanics as a Medical Strategy. All type of book could you see on many options. You can look for the internet methods or other social media.

Donna Gray:

Your reading sixth sense will not betray you, why because this Analog Medicine - A Science of Healing: Adopting the Logic of Quantum Mechanics as a Medical Strategy guide written by well-known writer we are excited for well how to make book that could be understand by anyone who also read the book. Written with good manner for you, leaking every ideas and writing skill only for eliminate your own personal hunger then you still question Analog Medicine - A Science of Healing: Adopting the Logic of Quantum Mechanics as a Medical Strategy as good book not just by the cover but also from the content. This is one reserve that can break don't judge book by its cover, so do you still needing one more sixth sense to pick this!? Oh come on your studying sixth sense already alerted you so why you have to listening to another sixth sense.

Anna Sanders:

Many people spending their time by playing outside having friends, fun activity along with family or just watching TV 24 hours a day. You can have new activity to enjoy your whole day by reading through a book. Ugh, do you consider reading a book can definitely hard because you have to use the book everywhere? It alright you can have the e-book, taking everywhere you want in your Mobile phone. Like Analog Medicine - A Science of Healing: Adopting the Logic of Quantum Mechanics as a Medical Strategy which is having the e-book version. So , why not try out this book? Let's notice.

Helen Woodson:

Some people said that they feel uninterested when they reading a publication. They are directly felt this when they get a half areas of the book. You can choose typically the book Analog Medicine - A Science of Healing: Adopting the Logic of Quantum Mechanics as a Medical Strategy to make your own reading is interesting. Your own skill of reading ability is developing when you like reading. Try to choose very simple book to make you enjoy to study it and mingle the opinion about book and reading through especially. It is to be initially opinion for you to like to open a book and study it. Beside that the publication Analog Medicine - A Science of Healing: Adopting the Logic of Quantum Mechanics as a Medical Strategy can to be your brand new friend when you're feel alone and confuse using what must you're doing of these time.
