**Democracy in America: All Volumes** Alexis de Tocqueville

**Alexis de Tocqueville's *Democracy in America* is perhaps the most famous analysis of the social and political structure of the United States in the early 19th century.** As a contemporary of the Founding Fathers and a detached objective observer, de Tocqueville is one of the most important political scientists to write about America, and many of his observations on issues like slavery would prove particularly prescient. As a result, his seminal work is still considered a must read for anyone interested in American history.
