De-Coding Da Vinci is a handy, thorough, yet easy-to-read resource that can help readers understand the difference between fact and fiction in the best-selling novel by Dan Brown.

De-Coding Da Vinci: The Facts behind the Fiction of The Da Vinci Code addresses the misrepresentation of history, religion and art in The Da Vinci Code. Did Leonardo actually build these codes into his paintings? Was the Priory of Sion a real organization? Is the Holy Grail really, as he says, Mary Magdalene's womb and now her bones, and not the Last Supper cup? Is Opus Dei really what The Da Vinci Code says it is? What was Constantine's true role in early Christianity? Was Jesus human or divine or both? Was He married to Mary Magdalene? Do secret writings not in the Bible really contain truths about Jesus, Mary Magdalene and the sacred feminine?

Complete with discussion questions and suggestions for further reading in every chapter, this is the perfect book to accurately answer questions as well as inspire further conversation. It can be used either as a personal resource to expand one's knowledge of the issues raised by The Da Vinci Code or to lead a discussion for a book club, a church group or to discuss with friends who've read the book and have questions that need to be answered.
