Excerpt from Sunday, the True Sabbath of God: Or, Saturday Proven to Be Neither the Sabbath of the Old Testament, Nor the Sabbath of the Ancients, Who Lived Before the Christian Era; Being a Complete Refutation of the Saturday-Sabbath Heresy, and a Vindication of the Changeableness of the Day of The

This book discusses a truth essential to the very existence of Christianity. Without the Christian Sabbath, it would be impossible long to perpetuate the Christian religion. To handle so vital a truth requires a master's hand. So far as the substance of truth is concerned, we do not hesitate so to classify our author. Peculiarly qualified for the work of sifting the facts and deducing the proper conclusions, Mr. Gamble justifies the expectation that he will lead the reader to final results.

The exhaustive study of the Scriptures, and the wide familiarity with the literature on the Sabbath and the extended historical research, give to this work a value not surpassed by any other treatise in this field. Other works are rich in other departments of the subject; but on the controverted point raised by Saturdarians, this argument moves with all the quietness and certainty of a mathematical demonstration. It is this or nothing.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
