ZooKeeper: Distributed Process Coordination Flavio Junqueira, Benjamin Reed

Building distributed applications is difficult enough without having to coordinate the actions that make them work. This practical guide shows how Apache ZooKeeper helps you manage distributed systems, so you can focus mainly on application logic. Even *with* ZooKeeper, implementing coordination tasks is not trivial, but this book provides good practices to give you a head start, and points out caveats that developers and administrators alike need to watch for along the way.

In three separate sections, ZooKeeper contributors Flavio Junqueira and Benjamin Reed introduce the principles of distributed systems, provide ZooKeeper programming techniques, and include the information you need to administer this service.

- Learn how ZooKeeper solves common coordination tasks
- Explore the ZooKeeper API's Java and C implementations and how they differ
- Use methods to track and react to ZooKeeper state changes
- Handle failures of the network, application processes, and ZooKeeper itself
- Learn about ZooKeeper's trickier aspects dealing with concurrency, ordering, and configuration
- Use the Curator high-level interface for connection management
- Become familiar with ZooKeeper internals and administration tools

From reader reviews:

Charles Lemaster:

Do you have something that you enjoy such as book? The publication lovers usually prefer to opt for book like comic, brief story and the biggest you are novel. Now, why not striving ZooKeeper: Distributed Process Coordination that give your satisfaction preference will be satisfied through reading this book. Reading addiction all over the world can be said as the opportinity for people to know world better then how they react in the direction of the world. It can't be explained constantly that reading practice only for the geeky particular person but for all of you who wants to be success person. So , for all of you who want to start examining as your good habit, it is possible to pick ZooKeeper: Distributed Process Coordination become your own personal starter.

Jenifer Bell:

This ZooKeeper: Distributed Process Coordination is great book for you because the content and that is full of information for you who all always deal with world and still have to make decision every minute. This book reveal it info accurately using great arrange word or we can claim no rambling sentences inside it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but tough core information with wonderful delivering sentences. Having ZooKeeper: Distributed Process Coordination in your hand like finding the world in your arm, info in it is not ridiculous one particular. We can say that no reserve that offer you world within ten or fifteen moment right but this reserve already do that. So , this is good reading book. Hello Mr. and Mrs. busy do you still doubt in which?

Bethany Archie:

That publication can make you to feel relax. This book ZooKeeper: Distributed Process Coordination was bright colored and of course has pictures on there. As we know that book ZooKeeper: Distributed Process Coordination has many kinds or variety. Start from kids until youngsters. For example Naruto or Investigator Conan you can read and believe that you are the character on there. So , not at all of book are generally make you bored, any it can make you feel happy, fun and rest. Try to choose the best book to suit your needs and try to like reading in which.

Bonnie Gallup:

Reading a reserve make you to get more knowledge from the jawhorse. You can take knowledge and information coming from a book. Book is composed or printed or created from each source that filled update of news. In this modern era like currently, many ways to get information are available for you actually. From media social like newspaper, magazines, science reserve, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Are you hip to spend your spare time to spread out your book? Or just looking for the ZooKeeper: Distributed Process Coordination when you desired it?
