No manufacturer can afford to ignore the pressing environmental issues of today. To do so puts both their profit line and their legacy at risk. As part of the *Enterprise Excellence Series*, this book brings together articles and case studies covering environmental, and energy issues that were previously published in the Association of Manufacturing Excellence's *Target Magazine*. It covers both areas of moral responsibility, as well as legal and economic considerations. Chapters are organized in three areas: Protecting the Environment, Using Energy Wisely, and EPA Case Studies, making it easy to track down the information desire.
