From the back cover: A superbly illustrated, in-depth examination of the stories, events, places and characters that inspired the songs of the greatest hard rock band -- ever! What were the 'Houses of the Holy'? Where was the 'Stairway To Heaven'? Which strange encounters led to such classics as 'Kashmir' and 'Trampled Underfoot'? Dazed and Confused reveals the roots and origins of the songs on all eight of the band's celebrated studio albums, together with all the stories behind material released after Zeppelin's break-up in 1980, including Unledded: No Quarter and the BBC Sessions album. Was it an earthquake that inspired 'Going To California' on their untitled fourth album? There was certainly a sonic earthquake: The sound of four brilliant musicians who defined the concept of hard rock, and yet imbued their work with passionate magic and mystery. That mystery is explained for the first time in Dazed and Confused.
