## **The Gospel According to Judas: A Handbook on Life** John H. Doe

What you will find within might not be what you'd expect from the title that's been given it. "Gospel" literally means "good news", so it is that, it is good news. And "Judas"? That's meant to get your attention. It's not about him at all, or at least, 95% of it. It is an homage to the man, however, for much respect is due him, who has suffered from the "Mary Magdalene effect", which is to say, they've been knocked down a whole mess of pegs to a point where they've been down so long it looks like up to them. What is inside: you'll find visions, madness, dreams. Some of it stories about what's been flitting around in this hyper-psyche of a mind between my shoulders, but mostly it's philosophy. Like what to make of something the big JC (yes, *that* JC) told me: "Work is magic." You won't believe the kinds of things I came up with if you follow that logic to its inevitable conclusions! I also thought up an answer to the question, "Can God make a rock He couldn't lift?" And there's some poetry in there, for good measure. It's chopped up into bite sized pieces--pick it up, put it down, pick it up later. Give it a taste. It might be worth your while.
