Fengriffen & Other Gothic Tales

David Case

Fengriffen & Other Gothic Tales David Case

More than forty-five years after his first collection was published, here is an original volume of David Case's macabre Gothic tales that showcases the author's remarkable psycho-sexual fiction combined with the tropes of the classic horror story.

Taking its title from the classic 1971 novella, *Fengriffen & Other Gothic Tales* also includes such memorable stories as 'Anachrona', 'The Foreign Bride' and his *Frankenstein*-inspired short novel 'The Dead End'. With a personal Introduction from award-winning editor Stephen Jones and an exclusive Afterword by acclaimed film writer Kim Newman, in which he discusses how the title story was adapted into the crawling-hand horror movie —*And Now the Screaming Starts!*, this volume celebrates the work of one of the genre's finest exponents of the macabre.

"Let us hear more of David Case . . . The field needs more from the author of 'The Hunter', a modern classic worthy to stand beside 'The Most Dangerous Game'." -- Ramsey Campbell
