PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) Andre Karamanian, Srinivas Tenneti, Francois Dessart
The only complete guide to designing, implementing, and supporting state-of-the-art certificate-based identity solutions with PKI

Brings together theory and practice, including on-the-ground implementers' knowledge, insights, best practices, design choices, and troubleshooting details   **PKI Uncovered** brings together all the techniques IT and security professionals need to apply PKI in any environment, no matter how complex or sophisticated. At the same time, it will help them gain a deep understanding of the foundations of certificate-based identity management. Its layered and modular approach helps readers quickly get the information they need to efficiently plan, design, deploy, manage, or troubleshoot any PKI environment. The authors begin by presenting the foundations of PKI, giving readers the theoretical background they need to understand its mechanisms. Next, they move to high-level design considerations, guiding readers in making the choices most suitable for their own environments. The authors share best practices and experiences drawn from production customer deployments of all types. They organize a series of design "modules" into hierarchical models which are then applied to comprehensive solutions. Readers will be introduced to the use of PKI in multiple environments, including Cisco router-based DMVPN, ASA, and 802.1X. The authors also cover recent innovations such as Cisco GET VPN. Throughout, troubleshooting sections help ensure smooth deployments and give readers an even deeper "under-the-hood" understanding of their implementations.

From reader reviews:
Jesse Williams:Book is actually written, printed, or highlighted for everything. You can understand everything you want by a reserve. Book has a different type. As you may know that book is important factor to bring us around the world. Alongside that you can your reading skill was fluently. A publication PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) will make you to always be smarter. You can feel a lot more confidence if you can know about almost everything. But some of you think this open or reading a new book make you bored. It isn't make you fun. Why they can be thought like that? Have you trying to find best book or suited book with you?

Joe Stearns:The book PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) can give more knowledge and also the precise product information about everything you want. Why then must we leave the good thing like a book PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series)? Some of you have a different opinion about publication. But one aim that book can give many facts for us. It is absolutely correct. Right now, try to closer using your book. Knowledge or info that you take for that, you could give for each other; you are able to share all of these. Book PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) has simple shape nevertheless, you know: it has great and big function for you. You can appear the enormous world by open and read a publication. So it is very wonderful.

Maria Hernandez:Here thing why this PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) are different and reputable to be yours. First of all reading through a book is good but it really depends in the content than it which is the content is as yummy as food or not. PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) giving you information deeper since different ways, you can find any book out there but there is no book that similar with PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series). It gives you thrill reading journey, its open up your personal eyes about the thing this happened in the world which is probably can be happened around you. It is possible to bring everywhere like in park, café, or even in your way home by train. When you are having difficulties in bringing the branded book maybe the form of PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) in e-book can be your alternate.

Tom Baptist:This PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) is great guide for you because the content and that is full of information for you who have always deal with world and also have to make decision every minute. This kind of book reveal it info accurately using great plan word or we can say no rambling sentences within it. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but hard core information with wonderful delivering sentences. Having PKI Uncovered: Certificate-Based Security Solutions for Next-Generation Networks (Cisco Press Networking Technology Series) in your hand like having the world in your arm, details in it is not ridiculous one. We can say that no guide that offer you world with ten or fifteen second right but this book already do that. So , this is good reading book. Hey Mr. and Mrs. stressful do you still doubt that will?
