The Puppet Masters are ready to usher in their prophesied utopia - a future world the rest of us won't be around to see, though we support their global efforts to enslave us believing that we will. But when the missing piece of their diabolical puzzle is discovered by archeologists, their end game is out of the bag...

Except that the ancient relic has fallen into the hands of an unsuspecting Matthew Scott, a man who wants nothing other than to stay off the grid, hiding from his former employees and the atrocious sins they had him commit.

As armies of professional killers hunt him down, and with billions of lives trapped within the evil cross-hairs of a new world order, Scott must come to terms with his destiny... while the entire world, retribution for his crimes, and the only person he has ever cared for all hang in the balance.

"An action-packed thriller, THE SOLOMON KEY is steeped in occult history as well as biblical prophesy. It takes place within a future "New America" while the stage is finally set for world government. "This is not a book for casual readers who don't want a lot of deep and historical facts and information in their story. Mr. Hopkins weaves a truly spectacular mystery, adventure story revolving around a mystical ring discovered in the Middle East. Interspersed in the text are quotes from the Bible, Templar and Rosicrucian history, Free Mason writing and middle eastern history all providing a 'factual' base for the enormity of the crisis facing the world. While it may not be everyone's cup of tea, I would highly recommend it as a must read for those who love history, and are hoping for a better world tomorrow. Not to mention this adventure makes 'The Davinci Code' look like a walk in the park." - Amazon.com
